

7<sup>th</sup> September 2020

Dear parents,

Last week we enjoyed welcoming the children back into school. They all seem very pleased to be back and pleased to see and play with their friends. Thank you for your patience and understanding with regards to the new timings in the mornings and afternoons. Thank you for adhering to these times to help reduce congestion in and around school.

As we start the first full week back can I please remind parents of the following - if you, your child or a member of your family develop Covid symptoms - a high temperature, a new, continuous cough, or a loss or change to your sense of smell or taste, then you should arrange for a test to be taken. Children **should not attend** school until the result of the test is known and this should be shared with school. If you are unsure of what to do please contact us for advice.

Could I also remind parents to please respect social distancing when dropping off or collecting children?

We realise, as children return to school, that they may pick up coughs and colds as they often do after the summer break. However with Coronavirus in society we all have to be sensible, so if you are unsure as to whether or not your child should attend school, please contact us and we will advise you of what to do.

Thank you again for your support and understanding on our return to school.

Regards,

Mark Whyman  
Headteacher
